

# Pinetops Farm Bus Pop-Up

The Conetoe Family Life Center is partnering with ECU Health to provide fresh, healthy produce to the community at no cost to you!

Join us for a day of community, meet the staff of the CFLC, and enjoy a diverse selection of fresh produce grown and harvested directly from our farm!

The CFLC and ECU Health collaborate in a program called Food is Medicine, which seeks to increase accessibility to healthy foods for people facing food insecurity and chronic health conditions.
