Independent Auditors' Report

To the Honorable Mayor
 and Members of the Town Council
 Pinetops, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund, of the Town of Pinetops, North Carolina, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Town of Pinetops' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund, of the Town of Pinetops, North Carolina as of June 30, 2018, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 8 through 17, the Local Government

Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Asset and Contributions on pages 52 through 53, respectively, the Law Enforcement Officers' Special Separation Allowance Schedules in Total Pension Liability as a Percentage of Covered Payroll on pages 54 and 55, respectively and the Other Postemployment Benefits' Schedules of Funding Progress and Schedule of Employer Contributions, on page 56, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Pinetops, North Carolina's basic financial statements. The budgetary schedules and other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary schedules, other schedules, and Schedule of Expenditures of federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary schedules and other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have issued our report dated February 27, 2019, on our consideration of the Town of Pinetops' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of the report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Pinetops' internal control over financial reporting and compliance.

TOWN OF PINETOPS

Management's Discussion and Analysis

As Management of the Town of Pinetops, we offer readers of the Town of Pinetops' financial statements this narrative overview and analysis of the financial activities of the Town of Pinetops for the fiscal year ended June 30, 2018. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

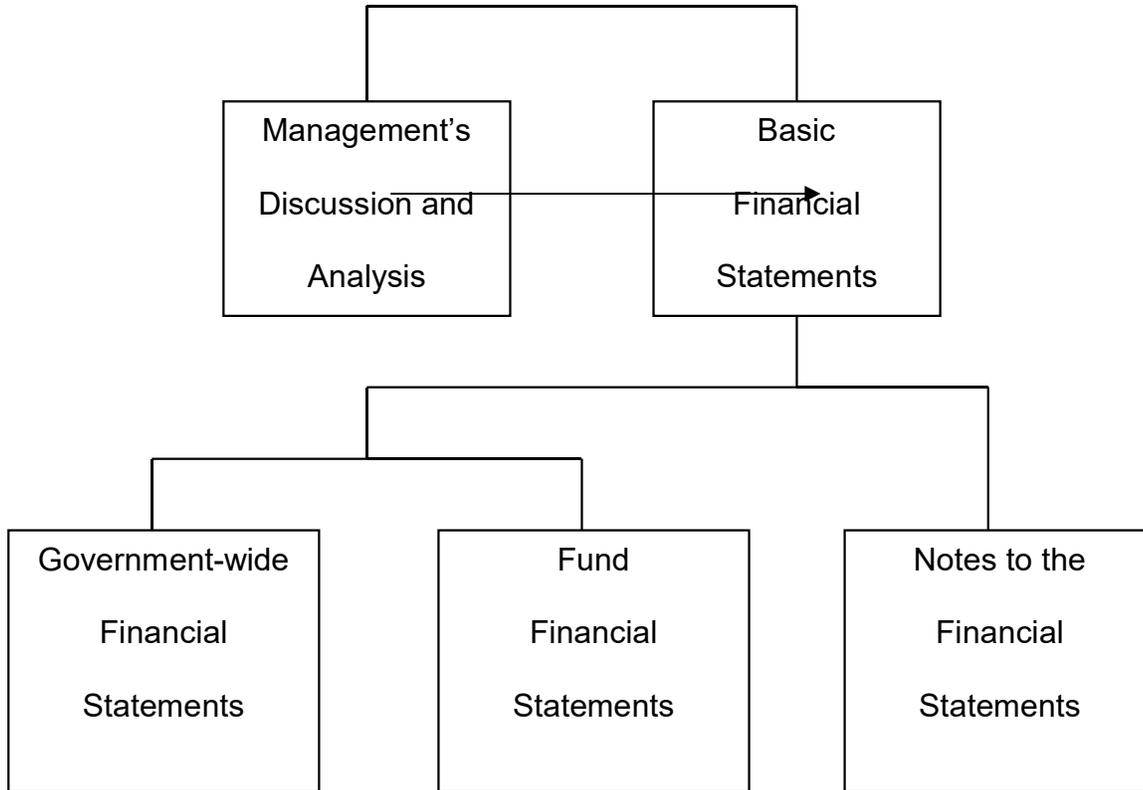

- The assets and deferred outflows of the Town of Pinetops exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$6,976,351 (net position)
- As of the close of the current fiscal year, the Town of Pinetops' governmental funds reported combined ending fund balances of \$666,505 with a net change of \$1,934 in fund balance. Approximately 39.44 percent of this total amount, or \$217,000 is non-spendable or restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$449,505 or 30.9 percent of total general fund expenditures for the fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Town of Pinetops' basic financial statements. The Town's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Pinetops.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net assets and how they have changed. Net assets are the difference between the Town's total assets and total liabilities. Measuring net assets is one way to gauge the Town's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the Town's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water and sewer and electric services offered by the Town of Pinetops.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Pinetops, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of Town of Pinetops can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Pinetops adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current

period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – Town of Pinetops has two different kinds of proprietary funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Town of Pinetops uses enterprise funds to account for its water and sewer activity and for its electric operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Assets and the Statement of Activities. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the functions of Town of Pinetops. The Town presently does not have any uses for internal service funds uses an internal service fund.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Town of Pinetops has one fiduciary fund, which is an agency fund.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page 29 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of Pinetops' progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 51 of this report.

Interdependence with Other Entities- The Town depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the Town is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and state laws and federal and state appropriations.

Government-Wide Financial Analysis

Long term liabilities	407,827	93,233	150,782	193,625	558,609	286,858
Deferred inflows	16,566	12,231	9,100	7,767	25,666	19,998
Total	500,523	269,374	506,274	315,296	1,006,797	584,670
Net position						
Net investment in capital assets	663,625	701,759	4,958,327	5,137,836	5,621,952	5,839,595
Restricted	217,000	317,516	-	-	217,000	317,516
Unrestricted	365,236	310,443	772,163	1,087,247	1,137,399	1,397,690
Total	\$ 1,245,861	\$ 1,329,718	\$ 5,730,490	\$ 6,225,083	\$ 6,976,351	\$ 7,554,801

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The assets of the Town of Pinetops exceeded liabilities by \$6,976,351 as of June 30, 2018. The Town's net assets decreased by \$538,893 for the fiscal year ended June 30, 2018. However, the largest portion (\$5,621,952) reflects the Town's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related debt still outstanding that was issued to acquire those items. The Town of Pinetops uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Pinetops' investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Pinetops' net assets \$217,000 represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$1,137,399 is unrestricted.

Several particular aspects of the Town's financial operations positively influenced the total unrestricted governmental net assets:

Management Discussion and Analysis
Town of Pinetops

- Continued diligence in the collection of property taxes by maintaining a high tax collection percentage when vehicle taxes are excluded. An improved system for determining resources allocated to local street maintenance allowed the Town to use restricted funds for this purpose.

Governmental activities: Governmental activities decreased net position \$63,762.

Business-type activities: Business-type activities decreased net position \$475,131.

Financial Analysis of the Town's Funds

As noted earlier, the Town of Pinetops uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Pinetops' governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Pinetops' financing requirements.

The general fund is the chief operating fund of the Town of Pinetops. At the end of the current fiscal year, total fund balance reached \$666,505. The Governing Body of Town of Pinetops has determined that the Town should maintain an available fund balance of 10% of general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the Town. The Town currently has an available fund balance of 28% of general fund expenditures, while total fund balance represents 43.77% of the same amount.

General Fund Budgetary Highlights. During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Proprietary Funds. The Town of Pinetops' proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$578,866 and those for the Electric Fund amounted to \$193,297. The total change in net position for both funds was \$(300,887) and \$(174,244) respectively. The change in net position in the Electric funds is the result of extreme temperatures that increased the use of electricity by our customers.

Capital Asset and Debt Administration

Capital assets. The Town of Pinetops' investment in capital assets for its governmental and business-type activities as of June 30, 2018, totals \$5,813,620 (net of accumulated depreciation). These assets include buildings, roads, land, machinery and equipment, and vehicles.

Town of Pinetops' Capital Assets, Net of Depreciation – Figure 4

	Governmental Activities		Business-type Activities		Total	
	2018	2017	2018	2017	2018	2017
Land	\$ 47,300	\$ 47,300	\$ 37,100	\$ 37,100	\$ 84,400	\$ 84,400
Buildings and systems	392,046	402,808	4,683,466	4,896,263	5,075,512	5,299,071
Equipment and furniture	94,145	68,958	-	-	94,145	68,958
Vehicles	241,671	306,975	280,870	253,969	522,541	560,944
Construction in progress	137,022	137,022	-	-	137,022	137,022
Total	\$ 912,184	\$ 963,063	\$ 5,001,436	\$ 5,187,332	\$ 5,913,620	\$ 6,150,395

Major capital asset transactions during the year include the acquisition of a loan to purchase public works equipment and community surveillance cameras.

Additional information on the Town's capital assets can be found in Note III.A.3 of the Basic Financial Statements.

Long-term Debt. As of June 30, 2018, the Town of Pinetops had long-term debt outstanding of \$291,668. This debt was for public works repairs, equipment and community cameras. North Carolina General Statutes limit the amount of debt for a unit to 8% of the total assessed value of taxable property located within the government's boundaries. The legal debt limit for the Town of Pinetops is \$4,044,363.

	Governmental Activities		Business-type Activities		Total	
	2018	2017	2018	2017	2018	2017
Installment debt	\$ 248,559	\$ 261,304	\$ 43,109	\$ 49,496	\$ 291,668	\$ 310,800

Town of Pinetops' Outstanding Debt

The Town of Pinetops' total debt decreased by \$19,132 during the past fiscal year

Additional information regarding the Town of Pinetops' long-term debt can be found in Note III 4 of this report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the Town. Recently the Town entered into a Contract for the purchase of Land with DuckThru and ABB is also adding a significant amount of employees to its operations, which will increase utility collections.

Budget Highlights for the Fiscal Year Ending June 30, 2018

Governmental Activities: Property tax rates are stable while the staff has been very active in improving our collections. We are anticipating improved collections of previous year taxes. Budget expenditures are being held in check to improve the fund balance. The 2019 budget anticipates only required expenditures during the year.

Business-type Activities: The water and sewer rates in the Town will stay at the same level, as will General operating expenses. The Electrical Fund operating cost is not anticipated to increase.

Requests for Information

This report is designed to provide an overview of the Town's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to Natalie W. Bess, Town Administrator, Town of Pinetops, Post Office Drawer C, Pinetops, NC 27864. You can also call (252) 827-4435, visit our website www.pinetopsnc.com or send an email to town@pinetopsnc.com for more information.

**Town of Pinetops, North Carolina
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2018**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - governmental funds	\$ 1,934
Governmental funds report capital outlay as expenditures. However in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeds capital outlays in the current period.	(50,879)
Revenues in the Statement of Activities that do not provide current financial resource are not reported as revenues in the funds. Change in unavailable revenue for tax revenues	(1,851)
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	36,101
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	12,745
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. OPEB expenses Pension expenses Compensated absences	(4,403) (66,844) 9,435
Total Change in Net Position of Governmental Activities	\$ (63,762)

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Pinetops conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Pinetops is a municipal corporation, which is governed by an elected mayor and local board. The Town has no component units (legally separate entities for which the Town is financially accountable).

B. Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category – *governmental and proprietary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The Town reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and sanitation services.

The Town reports the following major enterprise funds:

Electric Fund – This fund is used to account for all the Town's electric fund operations.

Water and Sewer Fund - This fund is used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

The taxes for vehicles registered annually that have already been collected as of year-end are also reflected as deferred inflows of resources at June 30, 2018 because they are intended to finance the Town's operations during the 2018 fiscal year.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Sales taxes are considered a shared revenue for the Town because the tax is levied by Edgecombe County and then remitted to and distributed by the State. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues which are unearned at year-end are recorded as unearned revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Water and Sewer Fund and the Electric Fund. All annual appropriations lapse at the fiscal-year end. Project ordinances are adopted for the Capital Projects Fund which is consolidated with the operating funds for reporting purposes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the object level for the multi-year funds. Amendments are required for any revisions that alter total expenditures of any fund or that change functional appropriations by more than \$500. All amendments must be approved by the governing board. The budget ordinance must be

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

1. Deposits and Investments

All deposits of the Town are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The Town's investments are reported at fair value. Non-participating interest earning contracts are accounted for at cost. The NCCMT-Cash Portfolio, a SEC-registered (2a-7) external investment pool, is measured at amortized cost, which is the NCCMT's share price. The NCCMT- Term Portfolio's securities are valued at fair value.

2. Cash and Cash Equivalents

The Town pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

Restricted Cash

Powell Bill funds are classified as restricted cash because it can be expended only for the purposes of maintaining, repairing, constructing, reconstructing or widening of local streets per G.S. 136-41.1 through 136-41.4. Customer deposits held by the Town before any services are supplied are restricted to the service for which the deposit was collected.

3. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2017. As allowed by State law, the Town has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the Town's General Fund, ad valorem tax revenues are reported net of such discounts.

4. Inventories and Prepaid Items

The inventories of the Town's enterprise funds are valued at cost (first-in, first-out) and consist of materials and supplies held for subsequent use, which approximates market.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and expensed as the items are used.

5. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization cost policies were

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

established at \$5,000. Donated capital assets received prior to June 15, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015 are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired or that received substantial improvements subsequent to July 1, 1980, and are reported at historical cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives
Infrastructure	25 – 50
Buildings	30
Improvements	20 – 30
Vehicles	5 – 7
Furniture and equipment	5 – 10
Computer equipment	5

6. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town has four items that meet this criterion, contributions made to the pension plan in the 2018 fiscal year, pension deferrals, OPEB deferrals, and LEO pension deferrals. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has four items that meets the criterion for this category – property taxes receivable, OPEB deferrals, LEO pension deferrals, and deferrals of pension expense that result from the implementation of GASB Statement 68.

7. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid insurance costs are expensed over the life of the debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

8. Compensated Absences

The vacation policies of the Town provide for the accumulation of up to thirty (30) days earned vacation leave with such leave being fully vested when earned. For the Town's government-wide and proprietary

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

funds, an expense and liability for compensated absences and the salary-related payments are recorded as the leave is earned. The Town has assumed a first-in, first-out method of using compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

The Town's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town has no obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

9. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balances are composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balances can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Prepaid expenses - portion of fund balance that is not an available resource because it represents the year-end balance of prepaid expenses, which are not spendable resources.

Restricted Fund Balance – This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - portion of fund balance that is restricted by State Statute [G.S. 159-8(a)].

Restricted for Streets - Powell Bill portion of fund balance that is restricted by revenue sources for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Committed Fund Balance – portion of fund balance that can only be used for specific purposes imposed by majority vote by quorum of the Town of Pinetops' governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned Fund Balance – portion of fund balance that the Town of Pinetops intends to use for specific purposes.

Unassigned Fund Balance – portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The Town of Pinetops has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Town Administrator will use resources in the following hierarchy: bond proceeds,

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Town Administrator has the authority to deviate from this policy if it is in the best interest of the Town.

10. Pensions

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The Town's employer contributions are recognized when due and the Town has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Significant areas where estimates are made are allowance for doubtful accounts and depreciation lives.

II. Stewardship, Compliance, and Accountability

A. Material Violations of Finance-Related Legal and Contractual Provisions

1. Noncompliance with North Carolina General Statutes

None.

2. Contractual Violations

None.

B. Deficit in Fund Balance or Net Position of Individual Funds

None.

C. Excess of Expenditures over Appropriations

None.

III. Detail Notes on All Funds

A. Assets

1. Deposits and Investments

All the deposits of the Town are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, these deposits are considered to be held by the Town's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town has no policy regarding custodial credit risk for deposits.

At June 30, 2018, the Town's deposits had a carrying amount of \$1,262,645 and a bank balance of \$1,271,435. Of the bank balance, \$309,649 was covered by the Federal Deposit Insurance Corporation (FDIC) and the remaining \$961,786 was covered by collateral held under the pooling method. The Town's petty cash totaled \$1,464 at June 30, 2018.

2. Investments

At June 30, 2018, the Town's investment balances were as follows:

Investments by Type	Valuation Measurement Method	Book Value at 6/30/2018	Maturity	Rating
NC Capital Management Trust – Cash Portfolio	Amortized Cost	\$111,800	N/A	AAA

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets.

3. Receivables - Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Position, are net of the following allowances for doubtful accounts:

<u>Fund</u>	<u>June 30, 2018</u>
General Fund	\$ 26,400
Electric	53,300
Water and Sewer	3,400
	<u>\$ 83,100</u>

B. Liabilities

1. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The Town of Pinetops is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 2 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only the North Carolina General Assembly. The Town employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The Town's contractually required contribution rate for the year ended June 30, 2018 was 8.25% of compensation for law enforcement officers and 7.50% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Town were \$66,213 for the year ended June 30, 2018.

Refunds of Contributions. Town employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Town reported a liability of \$184,549 for its proportionate share of the net pension liability. The new pension liability was measured as of June 30, 2017. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016. The total pension liability was then rolled forward to the measurement date of June 30, 2017 utilizing update procedures incorporating the actuarial assumptions. The Town's proportion of the net pension asset was based on a projection of the Town's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers,

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

actuarially determined. At June 30, 2017, the Town's proportion was 0.01208%, which was a decrease of 0.00101% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the Town recognized pension expense of \$60,784. At June 30, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions for the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 10,632	\$ 5,224
Changes of assumptions	26,356	-
Net difference between projected and actual earnings on pension plan investments	44,809	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	2,512	11,531
Employer contributions subsequent to the measurement date	66,213	-
Total	\$ 150,522	\$ 16,755

\$66,213 is reported as deferred outflows of resources related to pensions resulting from Town contributions subsequent to the measurement date will be recognized as an increase of the pension asset in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Future amortization:

Year Ended June 30:

2019	\$ 7,293
2020	49,663
2021	25,747
2022	(15,150)
2023	-
Thereafter	-
	\$ 67,553

Actuarial Assumptions. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurements.

Inflation	3.0 percent
Salary increase	3.50 to 8.10 percent, including inflation and Productivity factor
Investment rate of return	7.20 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurements.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	<u>100%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2016 asset, liability, an investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.20%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Town's proportionate share of the net pension asset to changes in the discount rate. The following presents the Town's proportionate share of the net pension asset calculated using the discount rate of 7.20 percent, as well as what the Town's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.20 percent) or one percentage point higher (8.20 percent) than the current rate:

	1% Decrease (6.20%)	Discount Rate (7.20%)	1% Increase (8.20%)
Town's proportionate share of the net pension liability (asset)	\$ 554,020	\$ 184,549	\$ (123,843)

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers Special Separation Allowance

1. *Plan Description.*

The Town of Pinetops administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers under the age 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service.

The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

The Separation Allowance covers all full time law enforcement officers of the Town. At December 31, 2016, the Separation Allowance's membership consisted of:

Retirees receiving benefits	-
Terminated plan member entitled to but not yet receiving benefits	-
Active plan members	5
Total	5

A separate report was not issued for the plan.

2. *Summary of Significant Accounting Policies*

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

3. *Actuarial Assumptions*

The entry age actuarial cost method was used in the December 31, 2016 valuation. The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods including in the measurement:

Inflation	3.00 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factors
Discount rate	3.16 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2017.

Mortality rates are based on the RP-2000 Mortality tables with adjustments for mortality improvements based on Scale AA.

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

4. Contributions.

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The Town paid \$0 as benefits came due for the reporting period.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018 the Town reported a total pension liability of \$43,577. The total pension liability was measured as of December 31, 2017 based on a December 31, 2016 actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2017 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2018, the Town recognized pension expense of \$5,795.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 5,416
Changes of assumptions	3,183	889
Benefit payments and administrative expenses subsequent to the measurement date	1,008	-
	\$ 4,191	\$ 6,305

\$1,008 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows.

Year Ended June 30:

2019	\$	1,137	
2020		1,137	
2021		1,137	
2022		1,137	
2023		1,137	
Thereafter		620	
		\$ 6,305	

Sensitivity of the Town's total pension liability to changes in the discount rate.

The following presents the Town's total pension liability calculated using the discount rate of 3.16 percent, as well as what the Town's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.16 percent) or 1-percentage-point higher (4.16 percent) than the current rate:

	1% Decrease (2.16%)	Discount Rate (3.16%)	1% Increase (4.16%)
Total pension liability	\$ 47,764	\$ 43,577	\$ 39,724

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

Schedule of Changes in Total Pension Liability
Law Enforcement Officers' Special Separation Allowance

	2018
Beginning balance	\$ 40,174
Service cost	4,486
Interest on the total pension liability	1,551
Changes of benefit terms	-
Difference between expected and actual experience in the measurement of the total pension liability	(6,387)
Changes of assumptions or other inputs	3,753
Benefit payments	-
Other changes	-
Ending balance of the total pension liability	\$ 43,577

The plan currently uses mortality tables that vary by age and health status (i.e. disables and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2016 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources Related to Pensions

Following is information related to the proportionate share and pension expense for all pension plans:

	LGERS	LEOSSA	Total
Pension Expense	\$ 60,784	\$ 5,795	\$ 66,579
Pension Liability	184,549	43,577	228,126

**Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018**

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan, administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. The Town's contributions for the year ended June 30, 2018 were \$23,498. The contributions from the law enforcement officers were \$17,089.

d. Other Post-Employment Benefits

Healthcare Benefits

Plan Description. Under the terms of a Town resolution, the Town administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The Town Board has the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. Prior to August 1, 2011, retirees qualified for benefits similar to those of employees after a minimum of five years of creditable service with the Town. The Town pays the full cost of coverage for employees' benefits through private insurers and employees have the option of purchasing dependent coverage at the Town's group rates. Employees hired on or after August 1, 2011 who retire with a minimum of 20 years of creditable service also have the option of purchasing coverage for themselves and dependents at the Town's group rate. Employees hired on or after August 1, 2011 who retire with less than 20 years of service are not eligible for postemployment coverage. Retirees who qualify for coverage receive the same benefits as active employees. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental plan after qualifying for Medicare. The Town Council may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at December 31, 2017, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees and dependents receiving benefits	80	5
Terminated plan members entitled to but not yet receiving benefits	-	-
Active plan members	83	26
Total	163	31

Total OPEB Liability

The Town's total OPEB liability of \$58,595 was measured as of December 31, 2017 and was determined by an actuarial valuation as of that date.

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases	3.5 percent, average, including inflation
Discount rate	3.56 percent
Healthcare cost trend rates	Medical – 5.5%
	Prescription – 7.50%
	Admin Expenses – 3.00%

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of the measurement date.

Changes in the Total OPEB Liability

	Total OPEB Liability
Total OPEB Liability as of July 1, 2016	\$ 72,511
Changes for the year:	
Service cost	4,955
Interest	1,718
Changes of benefit terms	-
Differences between expected and actual experience	13,600
Changes in assumptions or other inputs	(3,086)
Benefit payments	(31,103)
Other	-
Net Changes	<u>\$ (13,916)</u>
Total OPEB Liability as of June 30, 2017	<u>\$ 58,595</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.01% to 3.56%.

Mortality rates were based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study for the period January 2010 through December 2014.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.56 percent) or 1-percentage-point higher (4.56 percent) than the current discount rate:

	1%	Discount	1%
	Decrease	Rate (3.56%)	Increase
Total OPEB Liability	<u>\$ 64,305</u>	<u>\$ 58,595</u>	<u>\$ 53,322</u>

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1- percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

	1% Decrease	Discount Rate (Medical – 5.5%, Prescription – 7.5%, Admin Expenses – 3.0%)	1% Increase
Total OPEB Liability	\$ 51,152	\$ 58,595	\$ 67,249

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the Town recognized OPEB expense of \$8,308. At June 30, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,485	\$ -
Changes of assumptions	-	2,606
Total	\$ 11,485	\$ 2,606

\$11,485 reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2019	1,635
2020	1,635
2021	1,635
2022	1,635
Thereafter	704
	\$ 7,244

f. Other Employment Benefits

The Town has also elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payrolls, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. For the fiscal year ended June 30, 2018, the Town made contributions to the State for death benefits of \$3,338. The contributions to the Death Benefit Plan cannot be separated

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

between the post-employment benefit amount and the other benefit amount. The Town considers these contributions to be immaterial.

2. Deferred Outflows and Inflows of Resources

Deferred outflows of resources at year-end were comprised of the following:

	Amount
Contributions to the pension plan in the current fiscal year -	
LGERS/LEO	\$ 67,221
Pension deferrals - LGERS	84,309
Pension deferrals - LEO	3,183
OPEB deferrals	11,485
	\$ 166,198

Deferred inflows of resources at year-end is comprised of the following:

	Amount
General Fund:	
Taxes receivable	\$ 35,931
	\$ 35,931
 Government-wide Activities:	
Pension deferrals - LGERS	\$ 16,755
Pension deferrals - LEO	6,305
OPEB deferrals	2,606
	\$ 25,666

3. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town participates in three self-funded risk-financing pools administered by the North Carolina League of Municipalities. Through these pools, the Town obtains general liability and auto liability coverage of \$1 million per occurrence, property coverage up to the total insurance values of the property policy, workers' compensation coverage up to statutory limits, and employee health coverage up to a \$2 million lifetime limit. The pools are reinsured through commercial companies for single occurrence claims against general liability, auto liability and property in excess of \$500,000 and \$300,000 up to statutory limits for workers' compensation. The pools are reinsured for annual employee health claims in excess of \$150,000. The property liability pool has an aggregate limit for the total property losses in a single year, with the reinsurance limit based upon a percentage of the total insurance values.

The Town carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The Town carries flood insurance through the National Flood Insurance Plan (NFIP). Because the Town is in an area of the State that has been mapped and designated an "A" area (an area close to a river, lake or stream) by the Federal Emergency Management Agency, the Town is eligible to purchase coverage of \$50,000 per structure through the NFIP. The Town also is eligible to and has purchased commercial flood insurance for another \$5,000,000 of coverage per structure.

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The finance officer and town administrator are each individually bonded for \$50,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$10,000.

4. Long-Term Obligations

Governmental Activities

The Town entered into a loan with the United States Department of Agriculture (USDA) for the purchase of a garbage/recycle truck in the amount of \$225,000 on April 7, 2017. The Town obtained a 20 year note with an interest rate of 3.375 percent. The Town will pay \$15,654 yearly with the final payment due on April 7, 2037. The Town made payments of \$8,060 for the year ended June 30, 2018.

The Town entered into a loan with the United States Department of Agriculture (USDA) for the purchase of police vehicles in the amount of \$85,800 on May 5, 2017. This note is split between the General Fund (42%) and the Electric Fund (58%). The Town obtained a 7 year note with an interest rate of 3.375 percent. The Town will pay \$13,968 yearly with the final payment due on May 5, 2024. The Town made payments of \$11,072 for the year ended June 30, 2018.

At June 30, 2018, the Town of Pinetops has a legal debt margin of \$4,044,363.

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

Annual debt service requirements to maturity for long-term debt obligations are as follows:

Governmental Activities			
Year Ending June 30	Principal	Interest	Total
2019	\$ 13,175	\$ 8,389	\$ 21,564
2020	13,620	7,945	21,565
2021	14,079	7,485	21,564
2022	14,555	7,009	21,564
2023	15,046	6,518	21,564
2024-2028	58,331	25,854	84,185
2029-2033	62,115	16,155	78,270
2034-2038	57,638	4,978	62,616
	\$ 248,559	\$ 84,333	\$ 332,892

Business-Type Activities			
Year Ending June 30	Principal	Interest	Total
2019	\$ 6,603	\$ 1,455	\$ 8,058
2020	6,826	1,232	8,058
2021	7,056	1,002	8,058
2022	7,294	763	8,057
2023	7,540	517	8,057
2024-2028	7,790	269	8,059
	\$ 43,109	\$ 5,238	\$ 48,347

5. Fund Balance

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation:

Total fund balance - General Fund	\$ 666,505
Less:	
Nonspendable - prepaid expenses	-
Restricted - Stabilization by State Statute	13,403
Restricted - Streets	203,597
Remaining Fund Balance	\$ 449,505

The Town of Pinetops has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Town Administrator will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Town Administrator has the authority to deviate from this policy if it is in the best interest of the Town.

IV. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management

Town of Pinetops, North Carolina
Notes to the Basic Financial Statements
For the Year Ended June 30, 2018

believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

V. Subsequent Events

The Town has evaluated subsequent events from the date of the balance sheet through the date the report is available to be issued, which is the date of the independent auditors' report. Subsequent events after that date have not been evaluated. No subsequent events occurred during this period that require disclosure.

VI. Related Party Transactions

During the year, Commissioner Joyce Tolson was paid \$300 per month to assist families with burial needs at Pineview Cemetery. Commissioner Tolson was paid \$3,600 during the year. These payments were voted on and approved by the Board on February 2, 2010.

VII. Commitment

The Town has entered into a contract agreement for grass cutting services that expires in October 2018. The Town paid \$56,405 for services in 2018.

VIII. Transfers

During the year, the Electric Fund transferred \$297,000 and the Water & Sewer Fund transferred \$305,000 to the General Fund for operating expenses.

IV. Change in Accounting Principle

The Town implemented Governmental Accounting Standards Board (GASB) No. Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, in the fiscal year ending June 30, 2018. The implementation of the statement required the Town to record beginning total OPEB liability and the effects on net position of benefit payments and administrative expenses paid by the Town related to OPEB during the measurement period (fiscal year ending December 31, 2017). Beginning deferred outflows and inflows of resources associated with the implementation were excluded from the restatement. As a result, net position for the governmental activities decreased \$20,095 and \$19,462 for the business-type activities.

X. Special Item

Management elected to dispose of fully depreciated fixed assets at a gain of \$68,194 with proceeds from these sales of \$68,194.

XI. Internal Balances

The General Fund owes the Water and Sewer Fund Electric Fund \$32,063 for reimbursements of expenditures that were accrued at year-end.

REQUIRED SUPPLEMENTAL FINANCIAL DATA

This section contains additional information required by generally accepted accounting principles. Presentation conforms to requirements of the Local Government Commission in North Carolina.

 919.269.8728 Fax

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Town of Pinetops, North Carolina, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Town of Pinetops' basic financial statements, and have issued our report thereon dated February 27, 2019.

Internal Control Over Financial Reporting

www.pmpcpa.com

In planning and performing our audit of the financial statements, we considered the Town of Pinetops' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Pinetops' internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

Memberships:

North Carolina
 Association of
 Certified Public
 Accountants

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

American Institute
 Of Certified Public
 Accountants

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designated to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Pinetops' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matter that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal and State Financial Awards

Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards includes the Federal and State grant activity of the Town under the programs of the federal government and the State of North Carolina for the year ended June 30, 2018. Because the Schedule presents only a selected portion of the operations of the Town of Pinetops, it is not intended to and does not present the financial position, changes in net position or cash flows of the Town of Pinetops.

Summary of Significant Accounting Policies

Expenditures reported in the Schedule of Expenditures of Federal and State Awards are reported on the modified accrual basis of accounting.

The Town of Pinetops has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Loans Outstanding

The Town of Pinetops had the following loan balances outstanding at June 30, 2018. The loan made during the year is included in the Schedule of Federal and State Awards in the federal expenditures presented in the schedule. Balances and transactions related to these programs are included in the Town's basic financial statements.

Program Name	CFDA Number	Outstanding Amount
USDA Loan	10.766	\$ 291,668
